Negroes Make Bid To White Golf Club

By Jack Tyler

Negro golfers are attempting to obtain membership denied them in the exclusive all-white Genesee Golf Club at Genesee Valley Park, which was last year denied Negro Golfers a chance to play there.

If accepted, Negro golfers would be allowed to play in tournaments of the Rochester District Golf Association, in which Genesee Golf Club holds membership.

A Negro who was one of the most prominent golfers in the Rochester District Golf Association and who is a member of the club, said he was denied membership last year.

"I am a member of the Genesee Valley Park Golf Club," he said. "I have been refused membership because of my race."

"I have played in several tournaments here," he continued, "and have always been treated fairly.
