14. Narrative (If officer is in plainclothes, describe yourself as such. If tactics used on subject were ineffective, explain reasons why.)

On the above date/time R/Os were on routine patrol in a marked police car in the area of above location. Above location is a well known open air drug market and is also known for gang activity and violence. While R/Os were dispersing the group of known gang members loitering on the sidewalk (S) Benny Warr remained on the sidewalk refusing lawful order to disperse. (S) screamed at officers "FUCK YOU MOTHER FUCKER!" and "SUCK MY DICK!" causing a large group to gather and become very irate and anti-police. (S) was told to put his hands behind his back because he was under arrest but (S) refused. I then deployed a one second burst of OC spray to (S)'s eyes but that caused (S) to start throwing punches and striking me in the body. (S) was then brought to the ground by Ofc Liberatore and I took a kneeling position on (S)'s front as (S) was laying on his right side refusing to comply. (S) continued to swing his fists at R/O so I performed 2-3 knee strikes to (S)'s abdominals while monitoring for compliance. (S) continued to fight by attempting to punch R/O so I grabbed (S)'s left wrist and he rolled onto his stomach. I then got in a 3 point landing on (S)'s left side and Ofc. Liberatore placed (S) in handcuffs. (S) was transported to Stong and was given an appearance ticket. I took my handcuffs off of (S) and that was the last contact I had with (S).
