RE: GERAL WAYNE SOSBEE
DOB: 08-30-1945

To whom it may concern:

Mr. Sosbee was seen and thoroughly examined on April 25, 2016 and is clear of any evidence of communicable disease. He has no detectable skin disease, no history of sexually transmitted disease and he presents no public health issue.

Please feel free to contact my office in the event of any questions.

Sincerely,

A handwritten signature in black ink, appearing to read "Walth", with a long horizontal flourish extending to the right.

Jay R. Walther MD
